Design Sheet

message in a bottle top

Brief

What is your chosen animal? Will you make a bottle top mural or a sculpture?

Your Design

1. Look at the **Artists Top Tips** then explore your bottle tops.
   What colours, shapes and sizes do you have?
2. Have a play with your bottle tops! How will you use them to create your artwork?
3. If you are making a bottle mural will your picture show your animal's side, front or will it show it from above?
4. If you are making a sculpture, what will you use for the main body?
   How will you show features like eyes, scales, legs or fins?

Sketch your design here:

What environmental message do you want your artwork to share?

How many bottle tops did you find at home?
