

# Solve for Tomorrow: **Next Gen**

## Entry Submission Form

Participants must submit an idea for a solution which uses technology for good to address a sustainability problem. The submitted idea must be no more than 200 words in length. The written idea may be supplemented by drawings, photographs or a short 120 second video (maximum 50MB). Participants must provide their name, email address and all other requested information.

## Winning Criteria

The criteria for determining the winning entry (the “Winning Criteria”) is: “An innovative idea that uses technology for good to tackle a sustainability problem with emphasis placed on the uniqueness and the degree of creativity, innovation and design of the entry”. The winning entry must demonstrate that the idea:

1. helps the planet;
2. is innovative; and
3. involves the use of technology

Please check the full [Terms and Conditions](#) for all entry requirements.
