

	Year 1	Year 2	Year 3	Year 4	Year 5
Spend					
Cash savings					
ISA - stocks and shares					
ISA - cash					

You can save up to £20,000 in an ISA. That includes savings that spread across both stocks and shares and cash ISAs, so if you had £10,000 in a cash ISA the most you could have in a stocks and shares ISA is £10,000.
