

# THE ALTERNATIVE CAREERS FAIR

## STIR UP THEIR FUTURE

Does your young person have a passion that could lead to a future career? Pot Noodle is here to help them stir up their future with incredible opportunities in **alternative careers** across the UK.

Pot Noodle is offering up **150+ paid internships** for young people across the UK, in **music, film, streaming, gaming, tech, publishing, sport or fashion.**

Successful applicants will work at a cutting-edge company, gaining valuable paid work experience and transferable skills to launch their future careers.

All they need to do is submit a short video application – no long forms or interviews – for the chance to take their first step on the career ladder.

You can find out more and browse the internships on offer by going to [potnoodleinternships.com](https://potnoodleinternships.com)

3. Submit application at [potnoodleinternships.com](https://potnoodleinternships.com)

# THE ALTERNATIVE CAREERS FAIR

## HARRY'S STORY

Last year, Harry Beaton went to the Alternative Careers Fair, and successfully applied to **The Famous Company**, working across music management, marketing and promotion.

Harry says: "You get to understand what you're passionate about and to find your tribe within the industry. With all the companies on offer, you can see what you want to do, even if you know you don't want a traditional 9-5."

"There are so many opportunities for people who don't live in cities and come from smaller towns. It was well paid and an opportunity to build up my portfolio. Now less than a year on, I'm working full time in the industry!"

## INDUSTRIES
