

CAREERS UNWRAPPED

A GUIDE FOR TEACHERS

Welcome to Careers Unwrapped, a new podcast where accomplished professionals share their career stories, reflections and advice to inform and inspire young people about their own futures.

The Careers Unwrapped podcasts and accompanying resources have been developed for you to share with your students as part of your 'super-curriculum' - inspiring them to take their learning further and bringing the world of work to life.

HELP YOUR STUDENTS:

- Be inspired by real life stories of aspiration and attainment
- Find out more about a range of career opportunities
- Understand different careers brought to life through individual stories
- Be empowered by successful role models who are 'people like them'
- Explore how they can develop their skills further
- Access careers content in a format that suits different learners
- Access additional resources that link to the different themes embedded in each episode

CAREERS UNWRAPPED

A GUIDE FOR TEACHERS

HOW CAN I USE CAREERS UNWRAPPED?

Challenge students to listen to the podcast as homework, and then use the accompanying resource to discuss the key themes during tutor time

Share the podcast and resources on your learning platform or website for students to use at home

Play the podcast during PSHE / development / study periods and encourage students to carry out further research

Add the podcast link to your regular newsletter sharing careers opportunities with students and families

GOING FURTHER

For those students who are especially inspired by something they've heard on Careers Unwrapped you can encourage them to go further with their learning and development.

- **Research the career area and its entry routes**
- **Look for work experience in a similar organisation**
- **Keep up with the news and developments related to this career area**
- **Create a personal growth plan of how to improve the skills needed in this area of work**
- **Seek support from the school or college Careers Team by emailing hello@careersunwrapped.com**
