

Careers Delivery Guide

All you'll need is...

Careers Video

4 x Job Role Cards

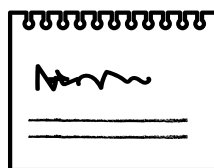

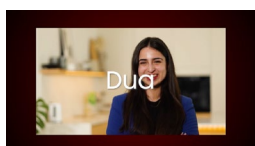

Optional skills tasks

Next Gen Careers offers invaluable career insights from graduates, apprentices and placement students thriving in dynamic roles at Samsung.

Students will discover first-hand how diverse skills and knowledge from various subjects are preparing them for a successful future.

How to run Next Gen Careers

- 1 Hand out the Job Role Cards for students to refer to.
- 2 Play the video, pausing for discussion questions.
- 3 Get students to work on a follow-up skills task.

Optional follow-up skills tasks

- 1 30 mins

Identify the key skills and qualities demonstrated by each person in the video. Present ideas to the class.

- 2 45 mins

Create a physical or digital poster; infographic; or film a vlog, highlighting the different career opportunities. Include the roles, skills required and where to look for these opportunities.

- 3 35 mins

Explore the Job Role Cards and write a reflection on which career pathway resonates most with each student and why. Make sure to debate the advantages and challenges of pursuing each of the job pathways in the video.

Skills used in these tasks:

Creativity
Digital Literacy
Critical Thinking
Collaboration
Presentation
Self-reflection
