

Create a poster for people in your family to highlight the different ways in which we can prevent the spread of diseases.

Success Criteria

- Have you explained the structure of a virus?
- Have you explained how viruses can make people feel unwell?
- Have you explained how viruses can be passed from person to person?
- Have you explained what we can do to stop the transmission of viruses?
- Have you explained what might happen if we do not control the spread of infectious diseases?
