1. What does 'recycle' mean?

.....

2. Which glass objects **can** be recycled?

.....

3. Which glass objects **can't** be recycled?

.....

4. Can glass be recycled again and again?

.....

## Task 3

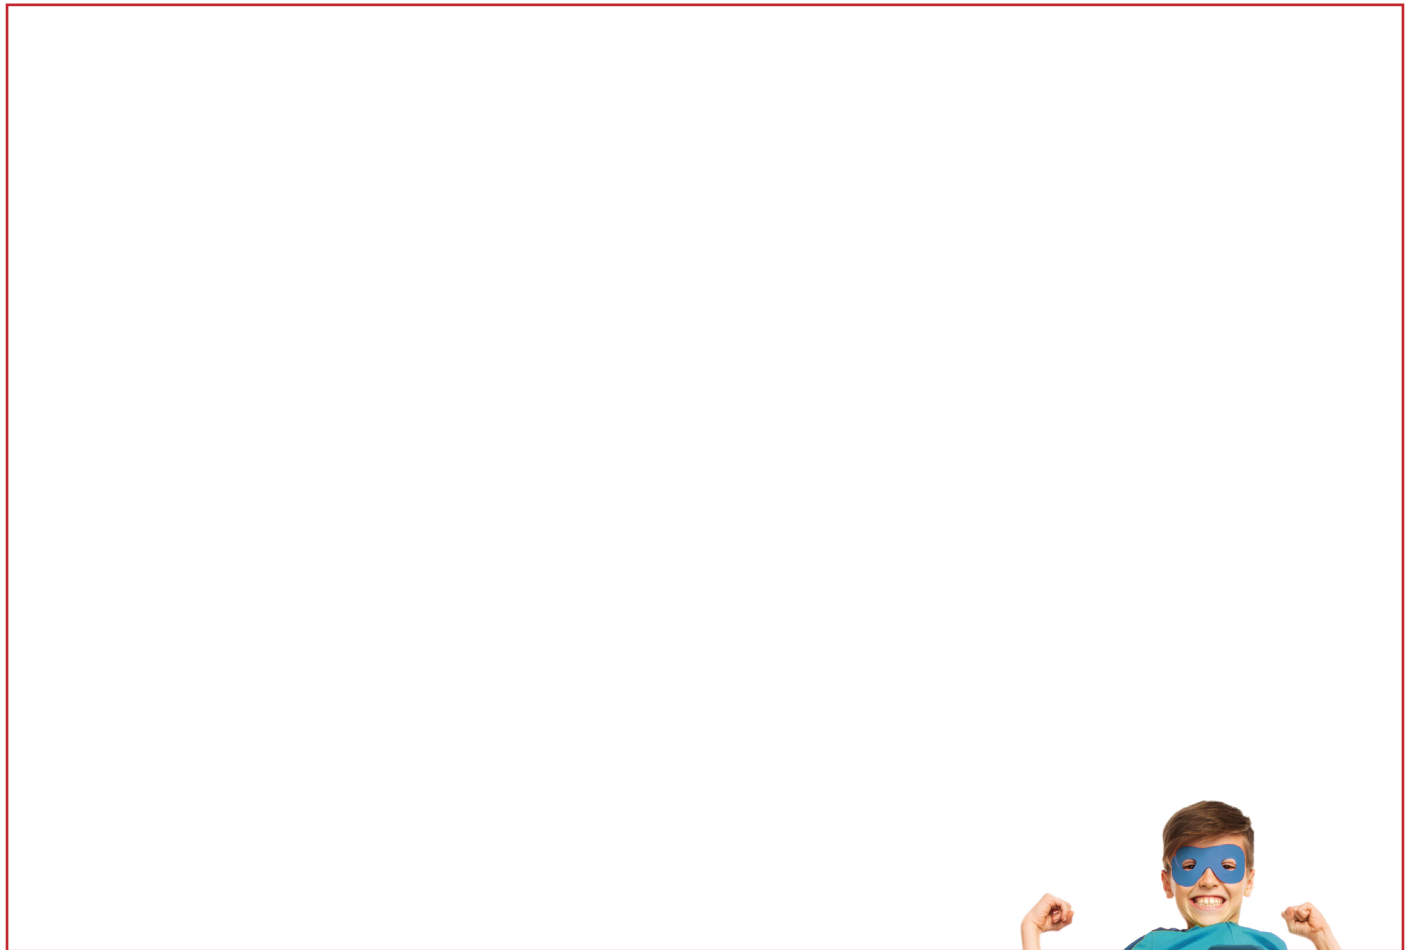

Create a name and logo for your Glass Guardian Superhero.

My Glass Guardian Superhero's name is:

.....

Draw their logo:

Can you think of a slogan that they could use to help people recycle more?

.....

## KS1 Mission 2 Activity Sheet - Power Of The Natural World

### Starter

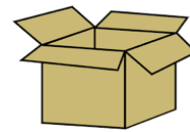

Which material are these objects made from? Draw a line from each of the objects to the correct box to show your answer.

glass

plastic

paper and  
cardboard

## KS1 Mission 2 Activity Sheet - Power Of The Natural World

### Task 1

How would you describe each of these materials? Use the words below and add some of your own.

Hard

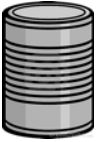

Soft

Shiny

Dull

See through

Smooth

### Task 2

Your Glass Guardians Superhero will have the power to recycle glass into whatever they want.

Draw a picture or write down what they will create from recycled glass. Will it be big or small? What will it be used for?

## Task 1

Look at the pictogram below showing how much of each material was recycled.

Glass	     
Plastic	    
Paper and card	       
Aluminium and steel	      

## Questions

1. Which material was recycled the most?

.....

2. Which material was recycled the least?

.....

## Task 2

Your Glass Guardian Superhero has had a busy day collecting glass jars to be recycled. Look at all the items they have found!

School

Home

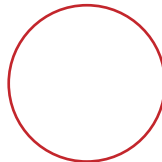

Friend's house

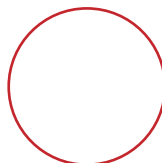

Can you insert the more than  $>$  or less than  $<$  symbol correctly to show where collected more or less glass jars?

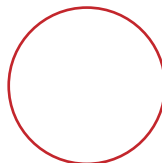

1.

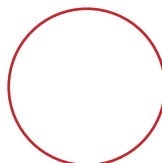

2.

3.

4.

Now complete the sentences correctly:

The most glass jars were collected at .....
